

AN APPEAL

BACKGROUND

As you may be aware there are a lot of old Shiva temples in Tamilnadu especially in the temple cities of Thiruvavur, Kumbakonam, Kanchipuram, Mayavaram, around Chennai etc. Most of these temples were built thousands of years ago and are finding it difficult to sustain and carry out even basic activities like lighting a lamp during temple hours. Hence a group of likeminded individuals came together and took the initiative to provide oil to light lamps in these old and dilapidated temples.

Every month depending upon each temple's requirement the group has been giving OIL TINS of 15 litres to approximately 70-80 ancient and deserving Shiva temples. We have been doing this holy service for the past 7 to 8 covering temples spread throughout Tamil Nadu. (List of Temples presently serviced is given at the end of this document all of them being PAADAL PETRA STHALAMS)

MODE OF OPERATION

We have tied up with oil shops in main towns like Kumbakonam, Sirkali, Mayavaram, Trichy, Thiruvavur, Kancheepuram etc. As and when the priest from any of the temples informs us that the oil stock has exhausted, then we send money to these oil shops who in turn deliver oil to the respective temples if they are in vicinity. In case of temples that are located remotely, and shop keepers are unable to deliver, we have also tied up with local auto drivers in these towns who will pick up oil tins from the shops and deliver to the temples.

To raise funds to carry out this holy service, we have formed a Trust by the name **HARIHARA KAINKARYAM TRUST**. The main objective of this Trust is as follows:

1. Provide oil to ancient Shiva temples for lighting lamps especially temples that have very less footfall and are in dire need of basic requirements
2. Provide financial Support for the poor Gurukals (Priests) who are doing pooja in such temples. These priests earn a meagre salary as little as Rs.150 per month.
3. Provide educational support to the children of these priests.

We request members of the public to donate generously for this worthy and noble cause either on a monthly basis or one time basis, as this is a continuing activity.

PRICING

The average cost of a 15 litre OIL TIN is Rs.2,000/-
